

Mission Statement

We enjoy the fellowship among railroaders and do hereby promote the hobby of model railroading.

Club History

The North Central 0 Gaugers Model Railroad Club was the idea of two guys, Dave Groh and Wayne Willis, who worked together in a hobby shop. They loved model railroading and wanted to share it with those who had a common passion. The club was conceived in November 1999 and the first meeting took place in April 2000. Combining their skills and knowledge of model railroading, they brought together a handful of guys and gals, who were otherwise strangers, to work long hours and most weekends building a modular 0-Gauge 3-rail layout. This layout had a home at the Fremont Public Library for 22 years. After an interim move, the club and it's layout now reside at a new location. The layout's new home is at:

**165 N. Archer Avenue
Mundelein, IL 60060**

Our small but growing group of train enthusiasts has also built an 11 by 27 ft, traveling layout. This layout is used for outreach and other special events in the community to promote model railroading and North Central 0 Gaugers Model Railroad Club.

NCOG Membership Application

Name _____

Address _____

City _____ **Zip** _____

Phone(s) _____

Email _____

Do you presently have 0 Gauge trains such as Lionel, MTH, Williams, K-Line, etc.?

Yes No

Do you have a layout at home?

Yes No

Do you have a talent you would be willing to help with on our layout, like electrical, scenery, making buildings, or other?

_____ Yes _____ No
